To whom it may concern

This is a letter of both thanks and recommendation for Andy and Kerry Shorten of the Lighthouse Group Indonesia. The Motor Yacht Wabi Sabi used their services extensively throughout our time in Indonesia and simply put they were above and beyond expectations in every area of our dealings.

For those who are fortunate enough to cruise the Indonesian area I would have no hesitations in placing my full support behind their involvement. Indonesia is the most enjoyable and exceptional cruising I have been involved in but being Indonesia is not without its challenges.

Andy and Kerry supported us prior, during and after our visit including; guest/jet arrival and departure, logistical aspects, provisions and shipping, temporary staffing, crew activities, cruise planning and visas etc.

Their tireless effort to ensure all our requests were met, our travels went seamlessly and the guests left with a great desire to return was nothing short of incredible.

Andy also was very transparent with his billing, kept costs well under control and at no time did I feel that the charges were anything but in the yachts favour.

If you're considering cruising to Indonesia please do so as I feel it's one the world's top cruising destinations supported by a team that I feel are at the forefront of providing support for visiting yachts.

If I can assist further and or you have questions regarding the Lighthouse group and their crew please do not hesitate to contact me on the details below.

Kind regards
Grant Butler
