

30 May 2005

Dear Alistair,

On behalf of the owners of Sailing Yacht Red Dragon I would like to thank you very much for helping to make our trip through the Islands of the Seychelles possibly our most memorable and enjoyable on our world tour.

Your local knowledge of the most beautiful anchorages surely is unchallenged in the Seychelles. It was so easy having this information plus being able to use local contacts at each of the Islands that made this trip such a success.

Instances when we needed transport for sight seeing, restaurant reservations or even fresh fish and fruit to be delivered to the boat – your people were always reliant and very proficient and pleasant in delivering these services for us.

As well, the way in which you were able to provide us with a small army of day workers when needed was also very much appreciated. Sometimes getting good honest, hard working and keen day workers can be a problem, but your team was definitely the best we have ever had. Please pass on my thanks to everyone involved in that program.

I was also very impressed when various of our systems went down that your emergency response in organizing the best welders, mechanics, electricians to assist in various ways was of course most appreciated.

I wish you all the best for your future with Seal Superyachts in the Seychelles. Having come to the Seychelles from Thailand and experienced the first class services of Seal in Thailand I was feeling very confident in expecting the same standards in the Seychelles. At no point was I disappointed.

I look forward to using Seal Superyacht Services when next in the Indian Ocean.

All the best,

Benjamin Marshall
Captain,
Sailing Yacht
