

Dear Adam,

Just a quick letter thanking you for the excellent service shown to us during our recent visit to Thailand & Myanmar.

With a choice of agencies to work with in the region my decision to work with SEAL came from discussions with other Captains of standing within the industry.

From the outset with our detailed pre cruise discussions through until the final invoicing and backups may I say that you & your teams service was faultless.

Cruising Myanmar's wonderful archipelago was the highlight of our Winter cruise. Your in depth knowledge of the area and the logistics required ensured the Owners trip was very special and the reason why we've remained in this part of the world for another season.

Whilst the yacht was based at Yacht Haven Phuket in between the seasons SEAL was always at hand to assist the yacht wherever needed.

Thank you for all the hard work and effort to making our visit so memorable.  
Very sincerely yours,

Jeff Dunn  
Captain
