LETTER OF REFERENCE

To Whom It May Concern:

This is to certify that SEAL Superyachts has acted as our sole agent during the last 2 years in 2014/2015 and 2015/2016 in Phuket, Thailand for our winter charter season and Owner's trips.

Adam and the team have done an outstanding job looking after us during our previous 2 stays in Thailand and Malaysia. They were solely responsible for inward/outward clearance and formalities, assistance with bunkering, provisioning and concierge service and liaison with local contractors, port authorities and local regulatory bodies.

They provide an excellent and vital service for visiting yachts and have ensured our smooth and seamless visits in Thailand and Malaysia, which we have very much appreciated. I highly recommend them and have done to other yacht captains and indeed various yachting publications.

We are intending to return to Thailand again later this year for the 2016/2017 winter season and I intend using SEAL Superyachts once again as our sole agents.

If you require any further information, please don't hesitate to contact me on the details below.

A handwritten signature in black ink, appearing to read 'Graeme Hampson'.
